

Сведения о научном руководителе

диссертации

Кубарькова Алексея Владимировича

на тему: «Композиционные материалы на основе поли(3,4-этилендиокситиофена) и
сульфированных полимерных матриц»

Научный руководитель: Сергеев Владимир Глебович

Ученая степень: доктор химических наук

Ученое звание: нет

Должность: заведующий кафедрой коллоидной химии химического факультета МГУ

Место работы: Московский Государственный университет имени М.В. Ломоносова

Адрес места работы: 119991, г. Москва, Ленинские горы, д.1

Тел.: +7 495 939 10 31

E-mail: sergeyev@genebee.msu.ru

Список основных научных публикаций по специальности 02.00.06 – высокомолекулярные соединения, химические науки:
