на тему: «Сополимеры стирола и акриловой кислоты: контролируемый синтез под действием тритиокарбонатов и свойства сополимеров»

Научный руководитель: Черникова Елена Вячеславовна

Ученая степень: доктор химических наук

Ученое звание: доцент

Должность: профессор кафедры высокомолекулярных соединений химического факультета МГУ

Место работы: Московский государственный университет имени М.В. Ломоносова, химический факультет, кафедра высокомолекулярных соединений

Адрес места работы: 119991, г. Москва, Ленинские горы, МГУ имени М.В.Ломоносова, д.1, стр.3

Тел.: +7 495 939 54 06

E-mail: chernikova_elena@mail.ru
