Dear Mariya Trukhanova,

we are happy to invite you to the 17th Marcel Grossmann Meeting (MG17), which will take place in Pescara (Italy) from July 7 to 12, 2024.

You will give a talk to the parallel session "Extended theories of electromagnetism and their impact on laboratory experiments and astrophysical observations" in which you submitted the abstract with the title " Torsion electrodynamics and the axial vector spin–torsion coupling effects in the framework of the Poincaré gauge theory of gravity" which has been accepted for oral presentation.

We kindly invite you to register to the meeting, starting from March 10, 2024 on the MG17 website, where you can find as well all the relevant information about the meeting: <https://indico.icranet.org/event/8/>

We kindly ask to the Italian Consulate to provide you with a visa to Italy for this purpose, which should cover the period of your stay in Italy and allow your participation to the meeting.

With our warm greetings and looking forward to seeing you in Pescara.

Remo Ruffini
Chair of the IOC

Jorge Rueda, Shesheng Xue, Yu Wang
Co-Chairs of the ICC

Piero Di Carlo, Gregory Vereshchagin, Yu Wang
Co-chairs of the LOC
